INAUGURAL MEETING

Tuesday 18th November 2014

09.00 - 16.00hrs

{10-11} Carlton House Terrace
London SW1Y 5AH

Primary Care Urology Society (PCUS) is a new forum for healthcare professionals working in primary and community care to discuss and debate practical and topical management issues in urology.

The aims of the Society are to:

- form and build a recognised Professional Group concerned with improved care of patients with benign and malignant urological conditions
- develop an education/networking programme to support healthcare professionals in their work, both in primary/community care and also for those undertaking GPSI roles.
