

Primary Care Urology Society

Led by

Dr Jon Rees, GP, Nailsea, North Somerset

2nd ANNUAL MEETING

Tuesday 3rd November 2015

09.00 – 16.00hrs

London Marriott Hotel Regents Park
128 King Henry's Road, London NW3 3ST

Primary Care Urology Society (PCUS) provides a forum for healthcare professionals working in primary and community care to discuss and debate practical and topical management issues in urology.

DEAR COLLEAGUE

It is our pleasure to welcome you to the Second Annual Meeting of the Primary Care Urology Society where we will be discussing best practice in the management of benign and malignant urological conditions in primary care.

This year, the programme is varied and includes catheter management in primary care; updates on chronic prostatitis and haematuria in bladder cancer; tips on managing overactive bladder and nocturia in addition to establishing links between primary care and other organisations.

We do hope you enjoy what promises to be a highly stimulating and topical meeting.

A handwritten signature in black ink, appearing to read 'J. Rees', with a large, stylized loop at the top.

Dr Jon Rees

Backwell & Nailsea Medical Group, Bristol
